

IPC-7711B/7721B TRAINING PROGRAM MATERIAL LIST

Order from IPC Customer Service 847-597-2862 or e-mail to orderipc@ipc.org

1. There are separate CIT kits for the CIS certification and CIS recertification courses.
2. CIT and CIS Certificates are available in both letter size (8 ½ x 11 for North America) and A4 size (rest of the world). There are no changes in the CIT certificates for Revision B training. The CIS certificates were updated to reflect that all gull-wing lead training is now in a single module (5) and J-lead training is the only termination style in Module 6. In most cases either the old or new modules can still be used. Contact certification@ipc.org if you have questions.
