

NOTICE

To obtain any certification kits, training materials, and prices for these items, please contact IPC customer service at 847-597-2862 or email orderIPC@ipc.org.

In an ongoing effort to improve our website, all certification and training material lists have been temporarily removed.

The lists are being edited for accuracy and being made dynamic.

This will accomplish 2 things:

1 – The posted lists will always reflect the correct prices for the items on the list

2 – The posted lists will always reflect the current contents of the kits.

Thank you for your patience during this transition time.

IPC Certification Team
