

World PCB Production Report for the Year 2017

October 2018

Association Connecting Electronics Industries

TABLE OF CONTENTS

Introduction	1
Overview of the PCB Industry in 2017	
Economic Trends and Outlook	3
The Electronics Industry	4
The PCB Industry	5
Currency Fluctuations	7
World Production of PCBs	
Production Values by Category and Region	8
Top 10 PCB-Producing Countries	11
Production by Board Type	12
PCB Production in the Asia/Pacific Region	
Production Values by Category and Country	13
Production by Key Countries	15
Production by Board Type	16
Commentary on Asia	17
PCB Production in Europe	
Production Values by Category and Country	21
Production by Key Countries	23
Production by Board Type	24
Commentary on Europe	25
PCB Production in the Middle East and Africa	
Production Values by Category and Region	29
Production by Board Type and Commentary on the Middle East and Africa	30
PCB Production in the Americas	
Production Values by Category and Country	31
Production by Key Countries	33
Production by Board Type	34
Commentary on the Americas	35
Historical Trends in Worldwide PCB Production	
PCB Production Growth	39
Trends in Proportion of Flexible Circuits	40
Trends in Regional Shares of PCB Production	41
Appendices	
PCB Product Category Definitions	44
Exchange Rates	45
IPC Market Research Services	47
