

Hello,

The IPC Online Print Test Waiver form is no longer required when using the online print test.

If your training location does not have internet in the geographical area or the training location is one where the users are legally barred from using the preferred online print, please create a class in the Online Certification Portal. Then select, "Online Print Class" as the type of class.

The fee for the online print exams is \$50 per student.

Please contact the IPC Certification Help Desk that is linked from the online certification portal to enquire about successful methods of using the online exams at or near secure locations.

Thank you  
Kris Roberson  
Director, Certification Programs
