

AIMTRON Group recognizes IPC in the successful electronics manufacturing journey

IPC believes that enhancing the quality of the electronics manufacturing will meet end user expectation. Similarly, IPC India Member Aimtron's end goal is to serve their customer with quality finished product. Aimtron group is engaged with IPC USA & India Regional office for many years. Aimtron has trained several of his staffs in India & US operations on IPC Endorsement programs – IPC-A-600: Acceptability of Printed Circuit Boards;

IPC-A-610: Acceptability of Electronic Assembly; IPC-7711/21: Rework, Modification & Repair of Electronic Assemblies; IPC-6012: Qualification and Performance Specification for Rigid Printed Boards and follow several other Standards. Aimtron has taken advantage of both Certified IPC Specialist (CIS) & Certified IPC Trainer (CIT) Program.

IPC India, Executive Director, Gaurab Majumdar was delighted to be part of AIMTRONfest 2021 at Vadodara in the State of Gujarat, India. Aimtron host this annual event to recognize partners & suppliers. Mr. Majumdar highlighted – ***“I am thankful to Mr. Mukesh Vasani, CEO & President of Aimtron Group and Mr. Murlidhar Narolia, Head of Quality Assurance of Aimtron for inviting me. Mr. Murlidhar who is actively participating in IPC India Regional activities, helped me in taking a tour of the Vadodara production unit and explained how the IPC Standards & Certification has supported upgrading knowledge of the staffs and raise confidence of customers. It was great to meet Mr. Mukesh Vasani & his dedicated team from India & USA and fascinated with the successful journey in electronics manufacturing”.***

50+ years old Mr. Mukesh Vasani from Gujarat went to the United States of America 25 years ago, with a dream of becoming successful entrepreneur. His electronics degree from DeVry Technical Institute & passion towards electronics manufacturing, supported his desire. In 1998, he became minority owner at an electronics manufacturer company in the suburbs of Chicago that grew 27+ Million USD in revenue within 7 years.

Mr. Vasani recognized that in order to create a “world class” company, apart from hiring top talent, inducting latest technology, state-of-the art infrastructure it is important to follow industry endorsed standards & certifications.

Aimtron is currently in growth mode having recently purchased Target Corporation, a leader in the military design industry. The company launched Aimtron Technologies at Bengaluru (India) to offer Product Engineering Services. Aimtron's design experience & embedded solutions serving vertical market sectors like Aerospace, Defense, Power, Automotive, Healthcare/Medical, Consumer & Industrial.

As a part of social responsibility, Mr. Vasani started Aimtron Foundation, a non-profit entity focused on empowerment. The Foundation is providing access to educational experience & creating bridge between school environment & professional community.

With 300+ employees in the USA & worldwide, including India, the company expects to surpass USD 100 Million by 2024. IPC congratulates Team Aimtron on the successful journey & wishes all the best for bright future!
